

## Electrical Part for Forklifts

Forklift Electrical Parts - Forklifts together with other lift trucks could have particular labels utilized in some hazardous locations. The label denotes that this specific model of forklift meets the minimum standards of ANSI/UL 553 for electric lift trucks or ANSI/UL 558 for internal combustion engine forklifts.

Applications for labeled forklifts can be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Maintenance and Operation, Type Designations, and Areas of Use. Consult your local insurance carrier and Fire Marshall for more information concerning the permitted uses of industrial powered forklifts in your application.

If the lift truck has been found to meet the outlined standards, the following labels could be placed. A marked truck would have the model designation located on the lift truck nameplate and would have one of the following labels put.
