

Rockwell Parts

Rockwell Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and components together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to meet and exceed their clients' expectations for quality, service, technology and delivery. They believe in working within an environment that encourages the utmost integrity with empowered teamwork, combined with a persistent pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of ecological stewardship and safety in how they do business. The company has put different programs in place to be able to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with any questions or comments, as they are happy to promote and share this policy with a greater understanding of their efforts. They are extremely committed to preserving and improving the environment. AxleTech has an EHS program which not just protects the natural world but which even actively protects their employees and neighbors also.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in manufacturing and designing planetary axles meant for both commercial and military applications. These applications range from construction equipment to airport ground support. AxleTech specifically designs axles so as to meet certain application demands. They have more than one thousand various axle specs within their existing offering. With over one hundred years of skill and history, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The business is well known in many military and commercial applications. They provide complete axle assemblies utilized for aftermarket replacement requirements, along with servicing axle requirements for OE production. Their high mobility ISAS have added details which can be found in the "ISAS" product collection.
