

TCM Forklift Part

TCM Forklift Parts - In the international trade of material handling, lift trucks play a major part for transporting industrial goods. Initially innovated as industrial vehicles in the 1930s in the U.S., forklifts gained recognition after WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread internationally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first forklift. Throughout the years, TCM lift trucks have become a global leader in lift truck manufacturing and have built a solid reputation with the trade. TCM began building lift truck manufacturing locations outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With over 50 years of accumulated expertise and technology, TCM has been proudly making numerous models of industrial lift trucks, making their models recognizable all around the globe. With a strong and energetic staff, TCM has been able to continually work towards becoming a future leading material handling company.
